Fisting Mothers Creates Gladness

JANUARY DIDN'T SUCK!

GIGS UPDATE

The Ship, The Forum. Tun Wells & Christ Church College Canterbury

Much to the surprise of F.M.C.G. there is life in Thanet and Tun. Wells. The gig at The Ship,

*PENNY THEATRE

Margate, small on crowd, was large on virtue. With our rather Fab mates Flatline headlining,

4TH FEB. CANCELLED

Ed, Pete & Paul turned in an energetic performance, despite having had several weeks off,

DUE TO VENUE

working on new songs (the rehearsal before the gig had been hysterical) and Ed breaking a speaker lead just before going on. Mistakes were plenty but the new stuff went down well.

INCOMPETENCE

2 girls tried to start a conversation with Ed, after the set, just as Flatline started. he feels

Friday 12th February

very bad about practically ignoring them. He wanted to see Flatline and was drunk, honest.

The Cardinals Cap

On to The Forum the next night. God was it cold. But things soon warmed up when Ed, Pete

Canterbury

and Paul found out that they were in fact to play for an hour and not 30 minutes as originally

Saturday 20th February

booked! Cue much scribbling on paper and re-writing of set lists. Hoorah, somebody found

The Harp Club

out the heaters in the dressing room were working. With this the band de-camped from the

Folkestone

empty venue to take advantage of the back-stage sofa and warmth. Paul spread the logo on

(With 'Flatline')

the walls while Pete did his very funny Janitor impersonation (It has to be seen.)

Thursday 25th February

So with not much hope of an audience, our heroes set about taking elevation to the Tun.

The Union Bar

Wells masses (both of them). But wait. What's this? Two songs into the set and there's kids			Maidstone
mashing down the front! Cool! In fact the gig ended up better than anyone expected, with			Friday 26th February
the last song bringing about a mini stage invasion of teenagers demanding more. The			Louis Armstrong
band are very taken by them (especially the girls). Wide smiles and hand shakes end a			Dover
surprisingly great gig at The Forum. Even the management were impressed.			Saturday 27th February
Finally <u>Christ Church College, Canterbury</u> brings the January gigs to a close. With lots of			The Roundhouse
friends in the audience, the band pulls off what many consider to be their best performance			Wincheap, Canterbury
to date. Those that haven't seen the band in a while are knocked out by just how venomous			Thursday 4th March
and experimental the band have become. Some of The Forum crowd have followed the band			The Penny Theatre
to Canterbury and this time as well as dancing, they treat the band to an unexpected sing-			Canterbury
along ending to 'Something To Burn'. Keep it up. Huge thanks to all of you that turned out,			(With 'Flatline')
you more than made up for the (small) disappointment that a certain individual from a well			Saturday 17th April
known Promotion Company didn't show, (but he has promised his attendance at another gig			The Harp Club
soon, so we won't set the fan-base onto him just yet). Anyway we can't wait to see what			Folkestone
February will bring us.			Saturday 8th May
